alle ore 12.00

Dr. Luca Franchini

Postdoctoral Associate, Dept. of Pharmacology and Physiology - University of
Rochester Medical Center
(ospite del Prof. G. Campana)

terrà un seminario in lingua inglese dal titolo:

Uncovering orphan GPCR ligands using Gz-Enhanced Signal Transduction Assay (GzESTY)

Area tematica: Drug discovery and development

in presenza:

Aula B Farmacologia, Via Irnerio 48, Bologna

BIOGRAPHICAL SKETCH

Luca Franchini, PhD, is a postdoctoral fellow in the Orlandi Lab at the University of Rochester Medical Center. Franchini received his degree in Pharmacy from the University of Bologna, in Italy, and completed his PhD in Pharmacological, Experimental and Clinical Sciences at the University of Milan, where he studied molecular mechanisms of synaptic plasticity associated with NMDA receptors in the hippocampus.
